Guidance

Having trouble with your schedule? Can't decide what to do after graduation? The Guidance Directors, Mrs. Hinckley, Mr. Parsons, and Miss Dahlquist have the answers for you.

The Guidance Office is Station Central for any students' academic problems. There he will find friendly advice, interested opinions, and complete co-operation. No school can boast of a better Guidance Department than Medina, and every student graduated and still enrolled is fully aware of this fact.

The curriculum co-ordinator is an essential member of any school's faculty. He is responsible for the effective execution of a carefully planned curriculum from the first grade through the twelfth. He is completely conscious of current trends and movements in the field of education, and his knowledge is of incomparable assistance to the faculty. Mr. Wise's over-all view of the Medina Central School system's curriculum has made him an invaluable member of our administration.

Clinic

"With Mrs. Warren holding your hand your temperature is bound to be high."

Other than the Student Room's candy counter, the Nurse's office is the place most frequented by the students of Medina High School. The variety of problems that are encountered here is met with both skill and understanding. Without our school nurse, Mrs. Warren, our school doctor, Dr. Roach and our dental hygienist, Miss Detwiler, many of our students would hardly be the healthy persons they appear to be.

These four organizations, Activity Board, Club Council, S.A. Committee, and Finance Committee, are units of our Student Association which strive to improve the standard of Medina High School's student government. Composed of a student representative from each of the three councils and the Vice-President of the Student Association, the Activities Board assumes the responsibility for starting the club program each year. The Club Council has as its members a faculty sponsor, the presidents and sponsors of each club, and the Vice-President of the Student Association. Policies concerning club regulations are formulated by this group. The Student Association Committee is made up of the student officers, a faculty sponsor, the Chief Justice, and the Principal. It functions as the directing body of the Student Association. The Finance Committee, which prepares the Student Association's budget, consists of a representative from each club whose finances are dependent upon the Student Association treasury.

Ergonians serve as waitresses at various banquets during the year, are available occasionally to supervise homerooms, and make their services available to various community charities such as the Red Cross and the Heart Fund. Barbara Rankin is president and Miss Dahlquist is the sponsor.

Mary Ann Slack

Joseph Kurdziel

The year of '57-'58 brought many events for MHS. Among them was the intensive Dress Right Campaign sponsored by the Horizon staff with the cooperation of the faculty, administration, and student body. Posters were everywhere advertising the campaign. For several weeks the Horizon was dedicated to editorials and articles about the effort. An assembly was held for the school and community showing the correct way to dress for every occasion. Joe and Mary Ann were the examples of the wrong way to dress for school or any event. Although they actually never look this way, they were able to effectively show the absurdities of bad dress. The extensive campaign had many far-reaching results and will not be forgotten for its good influence on Medina High School.

Graduation, 1957

From the long-awaited seats reserved for occupants of 300, the seniors also have witnessed along with the rest of MHS the enjoyable assemblies this year, among them the science program presented by General Motors. Saturday night recreation offered food, fun, work, and money for the class of '58 as well as the rest of the student body. Yes, everyone in school enjoyed these events of the past year, but graduation will be entirely the seniors' show of 1958.

1957-1958

Won 8—Lost 7

The 1957-1958 season was one filled with unforeseen problems. Eligibility and injuries crippled the Mustangs the major part of their campaign. They played hard and deserved a lot of credit to keep coming back and finishing with a better than .500 season.

The big highlight of the season was their victory over Lewiston-Porter by 14 points. Lewiston was undefeated at that time, and had been champions for the past four years in our league.

The four high point getters for Mustangs were Dick Zielinski with 177 points; Dick Malte 151 points; L. J. Harvey 120 points; and Keith Holman 108 points. Other key players were Gene Monacell, Bob Di Guilio, Roger Baldwin, and Robert Bramer.

Dick Zielinski set a record for rebounds of 174 points for 15 games played.

The season opened with a victory against Albion on their court.

The 1957 baseball season was one characterized by good pitching, one-run games, and a championship team. Mustang supporters will long remember the fine games pitched by Don Miller and Keith Holman. Close games were common—the team played 8 games in which the margin was one run—4 of which were 1 to 0 ball games.

In keeping with the rest of the season, the Mustangs won the Niagara-Orleans Championship in their last game at Lew-Port by a 1 to 0 score. They thereby earned the right to enter the Sectional play-off where they were defeated by Tonawanda in a close game.

The Mustangs of 1958 will miss Miller, Wolk, Hellwig, Kaderli, Serve, and Furness who were a great help in compiling a fine record of 12 wins and 3 losses.

TRACK

For a "dashing" good time, follow the boys in track. Regardless of the event, a jump, sprint or throw, M.H.S.'s field men can be counted on to give their all.

TENNIS

A fast moving, interesting game, the boys who participate in tennis have to be equipped with quick energy and skill. Anyone who has ever watched a tennis game can not help but admire the coordinating ability and teamwork of the players.

Mrs. Acer's "girl Fridays" are invaluable aids in the girls' gym classes. Taking attendance, "spotting" in tumbling and trampolining, refereeing in deck tennis, volleyball, and basketball are but a few of their many jobs. Always identified by their grey blazers and cheery smiles, these girls have made friendliness and helpfulness their motto.

Mr. Loughlin, like Mrs. Acer, also has an invaluable aid in his gym classes. This is the Boys' Student Leaders group. Although they do not wear grey blazers, the boys do have the admirable qualities of friendliness and cheerfulness which have made them popular at M.H.S.

Schlegel, Yaskavich, Williams, Champlain, Malte, Stanley

Behind the Scenes

No organization can function effectively without the sincere help of those who are too often just "unsung heroes." Recognizing the endless effort offered by these friends of the custodial, cafeteria and driving staffs, the students of M.H.S. appreciate fully the very important parts these individuals play in the daily activities of this school.
